

NEW

These trucks and trolleys, manufactured in Scandinavia, are of outstanding quality: they are extremely light and versatile. With over 500 models, these trolleys are used in warehouses, offices, hospitals, hotels, airports etc.

There is a suitable truck or trolley for every application: for transporting light or heavy loads, transport over long distances, ESD-proof trolleys, bin trolleys, post trolleys and even scooters! Both design and service life are important to the manufacturer when finishing these trucks and trolleys: the frames have a gloss galvanized finish, the shelves are laminated (unless specified otherwise). **Consequently we can offer a lifetime guarantee on all ergonomic trucks and trolleys!**
